Iowa Blind and Visually Impaired Childrens Support Group
**Goals for this group**

Promote events and activities in Iowa and that involve families with children that have visual impairment.

Create a database of families in Iowa that have children with visual impairment. Have those families, that are willing, answer questions to new families that are dealing with visual impairment.

Promote activities with surrounding states that have activities for blind children.

Promote activities and events held by the Iowa Braille School.

Educate families about services available in Iowa. Such as book services or book readers.

Hold social family gathering in different areas of the state.

- April 28th Beep Kickball - Omaha, NE
- Annual Clay County Fair gather this year is September, 15th 2018

**How to Join!**

It is FREE!

Just like us on Facebook.

---

Hi,

My name is Brook Nolin. I am the father of a blind boy named Zachary. I am the organizer of this group. I formed this group to help families across the state. I also want to promote and inform families of activities and services across the state.

With new families dealing with visual impairment, it is nice to talk to another parent who has “been there and done that”. We all have stories and experiences that are unique to our children.

I believe if we share our common experiences, our children can benefit. You are not alone, there are families dealing with similar situations across the state.

This group has no affiliation with any national, state or local group promoting an agenda. This is just parents trying to help each other out.

Sincerely,

Brook Nolin

Clay County Fair gathering.
